Dear PCC Ben and Trustees,

I would like to thank you and all the trustees for the kind donation of \$10,000.00 from the Ohio Lions Foundation in June 2020.

During this difficult time and dealing with Covid 19, We have been able to get back to work with our Students. Victoria from the Dayton area was in our first class which we call the Covid 19 class she was 1 of 5 in the class all within driving range of Columbus. They all wore masks and kept social distance and had no visitors during their stay. Victoria is a widow and her age is 69 years old and this being her first dog guide. Victoria lost her Vision 2014 in one eye and 2018 in her second eye both from Retinal Detachments. She was extremely excited to get back home to visit her grand children

We hope you all enjoy the scholarship picture of Victoria from Dayton area.

That the foundation made possible this year.

Thank You and stay healthy.
